REPORT OF THE AUDITORS.

We, the Auditors, duly elected according to Law to settle and adjust the public accounts of the county of Lancaster, do report, that we have, to the best of our skill and abilities, examined the foregoing accounts and vouchers thereto belonging, and find agreeably to the Report of the Treasurer, that the sum of One Thousand Three Hundred and Sixty Nine Dollars eighty seven cents is the amount of outstanding County Tax (with the exception of Four Hundred twenty three dollars and forty two cents, for the years 1832 and 1833, of which two fifths go to the State.) for the years 1829, 1830, 1831, 1832 and 1833. These are taxes assessed on the Hamilton Estate located in the vicinity of the City of Lancaster, and could not, as yet be collected from the heirs of said Estate. And we do further report, that also the sum of five Thousand One Hundred Eighty nine dollars and seventy-three cents is outstanding for the years 1822, 1823, 1824, 1825, 1826, 1827, and 1828, the payment of which is very doubtful, probably the greater part is lost.

We, further do report, that a balance due from the Estate of Henry Brenner Esq., dec'd. a former treasurer of Lancaster county of Two Hundred and Thirty two dollars and Forty one cents is still unpaid, but legal measures are taken to have it paid as soon as possible.

We also do report, that the numbers 36, 161, 170, 321, 542, 588, 635, 636, 669, 671 and 672 in the list of the Commissioner's Orders, were not presented for payment in 1833, and the amount has not been charged in the foregoing account.

Therefore, we report, that there is a balance in the hands of Z. M'Lenegan, Esq. County Treasurer, of eight Thousand, seven Hundred and seventy-five Dollars, Twenty two and one half cents.

We cannot close this, our report, without expressing our hearty approbation of the measures our Commissioners have taken a year ago (and hope they, and their successors hereafter will continue this laudable system,) to have the taxes collected within the year. It appears by examining the amount that the taxes of the five preceeding years are all collected, which were assessed on citizens of the County.

Witness our hands, at the Commissioner's office, this sixteenth day of January A. D. One Thousand Eight Hundred and thirty four.

SAMUEL GROSH,
BENJAMIN HOOVER,
JEHU HOUSE,

Auditors of Lancaster County

1833.	Jan. 1.	To balance remaining in my hands agreeably to the report of the County Auditors,	20 80

REMARKS BY THE AUDITORS.

We are happy to find that the Commissioners and their subordinate officers have shown a commendable zeal to guard the County against imposition, and that a system of reform in our county affairs has been introduced, particularly so in collecting the Taxes. Large amounts will be saved by adhering to the adopted system hereafter, viz: to have them collected within the year. If their predecessors had adopted the same plan, as our present Commissioners now have, large sums would have been saved, which are now, in all probability, lost to the county.

We would also call the attention of the people of the County, to the subject of our Jail. It will be seen that the maintenance of prisoners therein, forms a heavy item of expenditure. Could not, by some arrangement, a system be adopted, by which those who are imprisoned for petty crimes, and the frightful number of Vagrants who are confined in our Jail, could be usefully employed, so that they with their labour may contribute something towards their maintenance. If it is taken into consideration that many a worthy, but poor person, the head of a family, who has to struggle hard to maintain his own family, must of his hard earned little contribute his mite to support this worthless class of beings, it is distressing to reflect on this subject. Therefore we recommend it to the serious consideration of all our fellow Citizens.

It appears to us also that something might be saved for the county in the medical line, by employing a physician by the year, to attend the sick prisoners, and to give him a settled salary. The bills for attending on sick prisoners, amount to heavy sums, more so than what we think they should.

With respect to our Poorhouse establishment, we found that a heavy item of expenses is struck off from the account, which is, the great quantity of whiskey, which in former years has been consumed in that institution, and that the directors do procure the greater part of the Groceries on the best terms; but still it is a great expense to the county; we would direct their attention to the article of fuel, it being a heavy item of expense, whether some plan may not be adopted to save something in that expensive, but necessary article. We hope and trust, the board of Directors will do all in their power, to make this necessary burthen as light for the County as they possibly can; some economical improvements have been made in the management of this Institution, and perhaps more may be made hereafter.

SAMUEL GROSH,
BENJAMIN HOOVER,
JEHU SE,

Lancaster County.

January 16, 1834.
